

The Faculty of Medicine of University of Lisbon invites applications for three full-time faculty positions:

Physiology and Neurosciences

Full Professor: we are seeking for an outstanding candidate with relevant scientific experience and research interests on Physiology and Neurosciences.

Assistant Professor: we are also offering a junior position as Assistant Professor level within the same scientific area.

Cardiovascular Physiology

Assistant Professor: We are opening another position as Assistant Professor Level for candidates with special interest in Cardiovascular Physiology.

The Faculty of Medicine seeks outstanding scholars with proven skills in research and teaching on Basic and Systems Physiology for undergraduate, post-graduate and PhD students. Joint appointments as Researchers at the Institute of Molecular Medicine may be considered.

The Faculty of Medicine, offers laboratory space, and maintains state of the art core facilities for molecular biology, systems physiology and a special interest on Neurosciences.

Applicants should supply:

- A cover letter,
- Curriculum vitae,
- Description of teaching experience,
- Reprints of the 5 more recent and representative original scientific publications,
- A summary of current and future research plans,
- Three letters of recommendation.

Review of applications will begin immediately, and will continue until the positions have been filled.

Address:

Chairman of Physiology Search Committee:
Prof Doutor Fernando Lopes da Silva,
MD, PhD
