

Doctoral Programme in Experimental Biology and Biomedicine

Apply now to the 7th Edition | 12 fellowships available

Deadline for application: **12th April 2008**

Start Date: October

Application forms and Information: <http://cnc.cj.uc.pt/BEB>

International programme organized by the Center for Neuroscience and Cell Biology (CNC), University of Coimbra

Comprising:

- Advanced courses - taught by foreign leading scientists, and local investigators
- Seminars
- Laboratory rotations
- Research work - at CNC

in collaboration with a network of national and international laboratories

The programme provides advanced, research-oriented training in emerging areas of contemporary Biology and Biomedicine with an emphasis on on-going research at the Center for Neuroscience, including:

Molecular Cell Biology
Neuroscience and Disease
Molecular Biotechnology
Medical and Environmental Toxicology
Biophysics and NMR
Microbiology
Reproduction & Development
Visual Sciences
